

The Spongebob Square pants Movie

I really like this movie because it includes:
Lots of adventures, comedy and lots more.

In certain moments it leaves suspense and cliffhangers, it's good for all ages and it's really enjoyable for the whole family.

If you like all of the things I said then it's perfect for you!

If you like action and superheroes (like Jacob) then you will also love it, perfect for the family (brother, sister, twins like Maria, uncle bob, reuben, mum, Dad and cousins.)

Personal rating:  5 stars

Critic review: 6/10 stars
